50% fill as per NEC Article 392.9B
0.25" OD

Available finishes: Pregalvanized, stainless steel, powder coat, hot dipped galvanized

The 101 Series Snake Tray[®] is designed for installation below a raised floor and as a riser along vertical surfaces. Available in several sizes, the 101 Series Tray is hand bendable and can accommodate up to 72 square inches of cable path or 740 data cables. Support legs and mounting rings are pre-formed into the tray and require no additional brackets to install.
