

NEW PRODUCT RELEASE

Snake Loop™

Snake Tray® is proud to announce **Snake Loop™**, the world's first cable manager that creates a service loop to future proof your cable plant. Snake Loop cable manager easily installs to a rack, ladder, wall or ceiling to create a service loop for extra cables. Now expansions and changes to the cabling plant can be easily done with excess cables available at anytime.

- store excess cables in a neat and orderly fashion
- future proofs your cable plant
- easily attaches to a rack, ladder, wall or ceiling

Snake Tray™ products are covered by one or more of the following patents: #6,637,704, #6,637,165, #6,463,704, #6,460,812, #6,449,912, #6,361,000, #6,347,493, #6,019,323, #5,953,870, #5,839,702, #6,926,236 and AUS #737,813. Other Patents Pending.
