

NEW PRODUCT RELEASE

Snake Tray 101 Series[®]

FOR UNDER FLOORS

Snake Tray[®] 101 Series is now available in an **18 inch** wide by **4 inch** deep size to manage over 1,000 data cables. Snake Tray 101 is the only cable tray system specifically designed for under floors that require no brackets for installation. Simply install directly to the floor with fasteners by using the built-in mounting supports.

Snake Tray's patented hand bendable design offers the installer ease of installation requiring no fabrication of turns and intersections. Just bend the cable tray over and around obstacles in any direction.

Just Bend It

AVAILABLE IN 3, 6, 12 AND NOW 18 INCH WIDTHS
LOW PROFILE MODEL IS ALSO AVAILABLE FOR TIGHT SPACES

- Larger size capacity holds over 1,000 data cables
- Built-in mounting rings and supports require no additional hardware
- Hand bendable design requires no fabrication to go over and around obstacles
- Built-in supports hold cable path off the floor to enhance proper airflow
- One minute of labor to install an 8-foot section
