

Ultra Thin Power & Data Distribution Enclosure

CM 708-FAS4000 (as shown)

Applications:

Snake Tray's newest innovation in data and power distribution is the ultra thin enclosure for super low profile access floors delivers power and data directly to the workstation. Data and power receptacles are built-in to the 1.6 inch height enclosure ideal for very shallow access floors. Enclosure can be customized to meet customer's specifications.

Features:

- ♦ Ultra slim design only occupies 1.6 inches of height in an access floor
- ♦ Built-in data and power receptacles
- ♦ Customizable to meet a customer's specifications
- ♦ Flush mount design (eliminates tripping hazards)
- ♦ Hinged door

Length	Width	Depth
12 7/8"	9"	1 5/8"
