

Low Profile Data Module with Custom Patch Panel

CM 708-SK-0216

Applications:

Fully assembled low profile, secure enclosure that works within the confines of office raised floor tiles. Includes a variety of customer dictated working options that will accommodate up to 4 RU of standard 19" rack mountable field terminated or pre-terminated connectivity solutions.

Features:

- Built-in internal cable manager
- Secure locking hinged cover that allows for unimpeded work space
- Constructed from 16 GA galvanized steel with customer specified powder coat finish available
- Available with standard knockouts or customer specified locations
- Accepts a variety of connectivity solutions
- Multiple 2 and 4 RU custom connectivity mounting plates are available
