

## Basic 2' x 2' Ceiling Enclosure

CM-708-SK-0330

### Applications:

This fully assembled ceiling mount enclosure installs in 2' x 2', 2' x 4' and 2' x 6' drop ceilings. This particular model has 6 RU of standard 19" passive rack mountable space and is fitted with a horizontal cable slack manager. Lockable secure door has a capacity of over 50 pounds and can be customized to user specifications to accept other component structures. Cover opens safely with two built-in pneumatic cylinders.

### Features:

- Lockable secure lid design
- Removable door mounted assembly for 19" rack mounted panels and active equipment
- Total of 6 RU rack mountable space
- Multiple knockout configurations available
- Simplified design reduces network down time and labor costs associated with MAC work
- Constructed from 16 GA galvanized steel or aluminum with customer specified powder coat finish available
- Multiple sizes available
- Four point built-in support brackets for threaded rod or hangers
- Additional bracket configurations available
