

Snake Tray's structured media enclosures create a distribution point for AV, Voice and Data applications as well as providing a convenient consolidation point for wiring home runs from wall outlets. Available in 14" and 28" sizes to address the broad range of capacities for single family homes, MDUs, and light commercial applications. Snake Tray's structured media enclosures support new and retrofit installations. Perforated back panel with multiple EKO's. Manufactured from 20 GA galvanized steel, powder coated beveled screw on front panel.

Dimensions as Shown

Length	Width	Depth
28"	14"	3 1/2"
