

Part Number	Size
CM 708-4001	1.6"

The CM 708-4001 series of ultra-shallow floor boxes is designed for raised and cell floor applications where space is limited. With a 1.6" depth, these floor boxes support power, communication, and A/V services with dual compartments for proper separation and multiple finish options for seamless integration.

Features:

- Snake Bus compatible
- Ultra-shallow, compact design
- Dual compartments for power, communication, and A/V
- For raised and wood floor installations
- 180° hinged door
- Optional pre-wired configurations
- (4) ½" trade-size knockouts
